**A Few Important Notes... Please Consider Carefully Before Ordering:**  
**mp3 Format CDs** - these may not play in some CD players, but will be recognised in DVD players and computers with 'optical drives'.  
**Audio Quality** - Whilst we go to great lengths to ensure the audio quality we offer is the best we possibly can - including processing our material through the worlds best audio processing from CEDAR Cambridge - the programs offered herein have, in many instances, been retrieved from original recordings produced on 16 inch, 12 inch and 10 inch record albums and may therefore reflect the recording and reproduction fidelity of their times. In offering these programs for sale to the general public, we cannot accept responsibility, nor offer refunds, for any disappointment with the audio quality that some of these serials *may* exhibit.
